Payments to third-party bank accounts are not allowed. Payments can only be paid into an account in the name of the investor.

It is compulsory to furnish us with banking details. Use the bank details provided to link to e-trade.

E-trade refers to the electronic portal designed to provide Investors with a service to actively manage their portfolios and instruct trades at their discretion. Transactions are executable with a computer or smartphone device and are made quickly with no paperwork required. Typically the user will login to the STANLIB Online website and process transactions on their portfolios.

These transactions can be additional investments, switches, redemptions and regular cash flow plans (CFPs). This service is appealing to investors as it allows more control and easier transactability over their portfolios. "You may want to link to E-trade so that you can always get a trade in quickly when you need to".

SIGNED AT

TERMS AND CONDITIONS

- Net Asset Value (NAV):** Prices are calculated on a NAV basis, which is the total value of all assets in the Portfolio including any income accrual and less any permissible deductions from the Portfolio divided by the number of participatory interests in issue. Permissible deductions include brokerage, Securities Transfer Tax, auditor's fees, bank charges, trustee/custodian fees and the service charge levied by the Manager.
- Initial Financial Adviser Charges:** The initial Financial Adviser charge is deducted from the full investment value and the remaining amount is allocated to the selected investment options. Any additional investment will incur an initial Financial Adviser charge, provided that the applicable Adviser charge is on the application form, should any funds be deposited with an account number as reference without an application form, the investment will be placed with no initial fees. No corrections will be done once the investment has been placed. It is therefore imperative that an application form be submitted with every additional investment should there be a need for initial Financial Adviser charges. The charge is set at a maximum of 3.00% (excluding VAT) of investments made in the equity portfolios and the asset allocation portfolios, and may range from 0.60% to 1.80%(excluding VAT) in the fixed-interest portfolios.
- Ongoing Financial Adviser Fees:**
 - Negotiable to a maximum amount of 1% excluding VAT per annum of the market value of the investment portfolio. The ongoing advice fee is calculated on the daily market value of the investment portfolio, paid to the financial adviser monthly. This is paid in arrears by selling units from the respective investment accounts, thereby reducing the units. STANLIB will facilitate the deduction of the ongoing advice fees as agreed to by your financial adviser and will recover these fees from your investment. It is the responsibility of the Financial Adviser to make sure that the investor is fully informed of all fees applicable under this investment. VAT will be added to fees where applicable".
 - All requests to change ongoing advice fees requested during the month will be effected on the first day of the following month.
 - The amount is expressed as an annual percentage (excluding VAT), and is accrued daily and levied on a monthly basis on the Net Asset Value ("NAV") of the investor's selected portfolio or portfolios, and will give rise to Capital Gains Tax ("CGT").
 - The NAV of the investment will be determined by multiplying the number of participatory interests that the investor has in the selected portfolio or portfolios with the price calculated for the selected portfolio or portfolios on that particular day.
 - The agreed annual percentage will be applied to the calculated NAV of the selected portfolio or portfolios and divided by the actual number of days in a calendar year. The effect is that a proportional amount is calculated for every day in a calendar month for each of the selected portfolios.
 - As an example, if an investor's daily balance for a particular month is R1 million, and the agreed annual percentage is 1% (excluding VAT), then in a 31 day month, an amount of R976.71 will be deducted from the investor's participatory interests and paid to Financial Adviser. (R1 million x 1.15% x 31/365 = R976.71).
- Service Charge (levied monthly incl. VAT):** The service charge for the individual portfolios is accrued daily and levied monthly on the market value of the portfolio. Certain portfolios have a performance based service charge which shall be a variable amount that may either increase or decrease, depending on whether the Manager has added or detracted value for the portfolio relative to a passive investment in the portfolio's benchmark. Please refer to the latest fact sheet(s) for more details. The service charge is normally deducted from the income received by the portfolios. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com.
- Performance Fees:** Where fees are not accrued daily, the fee accrual is lagged and rolling measurement periods are used, certain participatory interest holders may carry a lower proportion of the performance fee relative to performance enjoyed, whilst other Clients may carry a higher proportion of the performance fee relative to performance enjoyed. Where underlying portfolios charge implicit performance fees (i.e. implicit in their unit prices), participatory interest holders may carry these performance fees regardless of whether the top-tier portfolio or mandate has out-performed its own benchmark. The Portfolio Charges document (including Performance Fee Frequently Asked Questions) is available on www.stanlib.com ("Investment for Individuals" section).
- Total Expense Ratio:** The Total Expense Ratio (TER) of a portfolio is a measure of the portfolio's assets that were relinquished as operating costs expressed as a percentage of the daily average value of the portfolio calculated over a period of usually a financial year. Typical expenses which are deducted from a portfolio include service charges, taxes, trustee fees and audit fees. The TERs can be located on the Fact Sheets and the Portfolio Charges document which is available on www.stanlib.com ("Investment for Individuals" section).
- Overnight Interest Allocation:** Interest earned by STANLIB in its bank account (subscription) on deposits made by you will be added to the investment amount if it takes longer than 1 Business Day, after the receipt of the deposit and/or the fulfilment of any outstanding requirements, to process the transaction. Deposits made on a non-business day (i.e. public holidays, Saturdays and Sundays) will also not attract any interest.
- Switching:** A "switch" involves selling participatory interests (units) in one portfolio and investing the proceeds in another portfolio. The Manager does not normally charge initial Financial Adviser charges twice, other than in the instance where the original entry was into a portfolio with lower charges than the portfolio into which the Client will be investing. Accordingly, the Client will have to pay in the difference in the initial Financial Adviser charges. However, the Client and the Financial Adviser may agree on a different arrangement to that mentioned above, in which case an initial Financial Adviser charge as agreed, between the Client and the Financial Adviser, will be charged on the switch transaction. As costs may change from time to time, please consult with your authorised Financial Adviser. **STANLIB monitors account patterns of transactions for practices such as but not limited to market timing where an**

investor purchases and sells units within a short time period to take advantage of limitations in determining the net asset value of the funds. STANLIB reserves the right to delay or reject such transactions where investors engage in such practices in order to protect and ensure equitable treatment of all investors in the fund.

9. Income Distributions: Income distributions are made at regular intervals for all portfolios. Portfolios either declare distributions monthly, quarterly (31 March, 30 June, 30 September, 31 December), bi-annually (30 June, 31 December), or annually (31 December). These distributions are paid by no later than the last working day of the following month. Please refer to the latest fact sheet(s) for more details.

10. Money Market Portfolios: The price of each participatory interest (unit) is aimed at a constant value for all Money Market Portfolios. The total return to the Client is primarily made up of interest received but, may also include any gain or loss made on any particular instrument. In most cases this will merely have the effect of increasing or decreasing the daily yield, but in an extreme case it can have the effect of reducing the capital value of the portfolio. The minimum transaction amount for this portfolio is R2,000. The initial minimum lump sum investment is R25,000. If the balance of the account is below R2,000, any repurchase instruction will result in the total balance being redeemed. If the balance of the account is above R2,000, any repurchase request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed.

11. Other Fixed Interest Portfolios and Equity Portfolios: Minimum remaining amount on all STANLIB Funds is R2,000.00. The minimum redemption amount on All STANLIB Funds is R2,000, any redemption request below R2,000 will result in the minimum transaction amount of R2,000 being redeemed. If the balance falls below R2,000, after the redemption, instruction will result in the total balance being redeemed.

12. Electronic Transactions: The Client agrees that the Manager shall be entitled to implement all instructions and applications of whatever nature received on their Internet site, by telephone or any other electronic medium and which appear to emanate from the Client. The Manager and/or Financial Adviser is indemnified against any losses, claims or damages arising from acting on such instructions and/or applications, notwithstanding that it may later be proved that any such instruction was not given by the Client. The Client agrees that the electronic records of all instructions and applications processed by/or on behalf of him/her or which purport to be processed on behalf of the Client via the Manager's Internet site, telephone or any other electronic medium shall constitute prima facie proof of the contents of such instructions and applications. STANLIB will not be held responsible for any failure, malfunction or delay of any networks, electronic or mechanical device or any other form of communication used in the submission, acceptance and processing of applications and/or transactions. STANLIB will not be liable to make good or compensate any investor or third party for any damages, losses, claims or expenses resulting there from.

13. Electronic Signatures: This transaction may be executed by means of a Client's electronic signature. The Client agrees that in accepting these terms and conditions, the Client consents to executing this transaction by means of an electronic signature. The Manager is indemnified against any losses, claims or damages arising from acting on such an electronic signature, notwithstanding that it may later be proved that the electronic signature was not given by the Client.

14. Payments: Redemptions, regular income options and income distribution payments can only be made into an account in the name of the Client. No third party or cheque payments will be made.

15. Shari'ah Compliant Portfolios: Where a client invested via a 'Linked Investment Platform' the client may have earned interest. It is the clients responsibility to purify such interest sum by donating it in charity to ensure the Shari'ah Compliance of the investment. The Shari'ah Advisory Committee (SAC) oversight starts when the investments enter the Islamic Funds. The SAC does not have control of the processes/platforms that the client utilises to access the Islamic Funds. In terms of Shari'ah Law, the Manager will purify the dividend income earned by automatically deducting all non-permissible income from the total dividend income distribution due to the Client. The income, nett of non-permissible income, is then applied according to the Client's further instructions, i.e. either reinvested or paid to the Client's bank account. All non-permissible income deducted will be donated on behalf of Clients to charitable organizations, as directed by the Shari'ah Supervisory Board. Non-permissible income sources include interest income earned from companies invested in. The quantum of non-permissible income will be determined by the fund manager and approved by Shari'ah Supervisory Board which will typically be a percentage of the total dividend income that accrued to the portfolio, e.g. 5%. For example, the Shari'ah Board determined that 5% of all dividends that accrued to the portfolio are non-permissible. A proportionate amount of the dividend income due to the Client (i.e. 5%) will be deemed to be non-permissible and will be deducted from the total dividend income distribution due to the Client and donated on behalf of the Client to charitable organizations, as directed by the Shari'ah Supervisory Board. Clients must take note that their statements and the statutory tax certificates (I.T. 3 (b)) will indicate the total income distributed to them, net of non-permissible income. It is also important to note that certain permissible income received by the portfolio is deemed to be interest income in terms of the Income Tax Act, as amended from time to time, and will be reflected as such. Clients are accordingly advised to seek appropriate tax advice as to the potential tax consequences they may be subjected to. Clients should note that all income paid by the fund is purified before being paid out to Clients.

16. General

16.1. Collective investment schemes in securities are generally medium to long term investments.

16.2. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future.

16.3. An investment in the participations of a collective investment scheme in securities is not the same as a deposit with a banking institution. A Money Market portfolio is not a bank deposit account.

16.4. Where exit charges are applicable, participatory interests are redeemed at the net asset value where after the exit charge is deducted and the balance is paid to the Client.

16.5. A Portfolio of a collective investment scheme in securities may borrow up to 10% of the market value of the Portfolio to bridge insufficient liquidity as a result of the redemption of participatory interests, and may also engage in scrip lending.

16.6. Where different classes of participatory interests apply to certain Portfolios, they would be subject to different charges.

16.7. A schedule of charges and maximum charges is available on request from the Manager. Commission and incentives may be paid and if so, would be included in the overall costs. Ongoing commission may be paid to Financial Advisers. Such ongoing commission, if applicable, will be paid by the Manager from the service charge paid to it. Details of such ongoing commission paid by the Manager to the Financial Adviser on record in respect of your investment are available on request from the Manager.

16.8. The exposure limit to a single security in certain Portfolios can be greater than is permitted for other Portfolios in terms of the Collective Investment Schemes Control Act, 2002. Details are available from the Manager.

16.9. A Fund of Funds Portfolio only invests in other portfolios of collective investment schemes, which levy their own charges, which could result in a higher cost structure for these portfolios.

16.10. A Feeder Fund Portfolio only invests in the participatory interests (units) of a single portfolio of a collective investment scheme, apart from assets in liquid form.

16.11. The Manager reserves the right to close certain Portfolios from time to time in order to manage them more efficiently. More details are available from the Manager.

16.12. The holdings of offshore investments in certain portfolios are subject to current South African Reserve Bank Regulations.

16.13. Forward pricing is used.

16.14. Fluctuations or movements in exchange rates may cause the value of underlying offshore investments to go up or down.

16.15. The Manager undertakes to repurchase participatory interests at the price calculated according to the requirements of the Collective Investment Schemes Control Act, 2002, and on the terms and conditions of the relevant Deeds.

16.16. Payment will be made within 14 days of receipt of a valid repurchase form or regular income request. Please note that there is a 21-day clearance period for cheques and direct deposits, a 45-day clearance period for once off and recurring debit orders. A maximum of R1,000,000 can be collected as a once off debit transaction in a 45 day period per bank account.

16.17. Any capital gain realised on the disposal of a participatory interest in a collective investment scheme is subject to Capital Gains Tax (CGT).

The Client may at any time terminate the Financial Adviser's appointment. It is the Client's responsibility to advise the Manager of such termination in writing. CLIENT DECLARATION: TAX-FREE SAVINGS ACCOUNT (PLEASE READ CAREFULLY)

I acknowledge that I have decided to invest in Collective Investment Scheme portfolios qualifying as a Tax-Free Savings Account managed in accordance with the Regulations in terms of section 12T of the Income Tax Act of 1962, on the requirements for tax-free investments. I acknowledge that I am a South African resident and that I am aware of the maximum total of annual and lifetime contribution(s) as detailed below:

- **Annual maximum:** An individual can contribute a total of R36,000.00 (Thirty-Six Thousand Rand) annually.
 - Annual contributions align with an individual's tax year, i.e. the 12 months from 1st March to the last day in February the following year.
 - Should an investor decide to invest in more than one Tax-Free Savings Account, the maximum annual aggregate capital amount that can be invested remains R36,000.00 (Thirty-Six Thousand Rand).
 - Any interest, dividends and capital gains that are reinvested shall not be taken into account in determining the maximum annual contribution.
- **Lifetime maximum:** An individual can contribute a total of R500 000 (Five-Hundred Thousand Rand) over his/her lifetime.
 - This maximum applies to the total capital contributions only. All interest, dividends and capital gains earned in this may be automatically re-invested tax-free to accrue further interest and dividends.
 - Any capital contribution amount that is withdrawn will still form part of the annual and lifetime contribution maximum. I further acknowledge that I am aware that I will incur a tax penalty of 40% for any contributions that exceed the annual and lifetime limits and that I will not hold the Manager responsible for any penalties incurred by me as a result hereof.

I further acknowledge that it remains my responsibility as an investor to adhere to the annual and lifetime contribution limits, either individually or in aggregate, and that any contributions in excess of these limits will incur a 40% tax penalty in accordance with section 12T of the Income Tax Act of 1962. I indemnify the Manager against any losses suffered by not complying with the above prescribed limits. **The Manager is not permitted to accept investment amounts in excess of the above annual limit and any amounts greater than R36,000.00 (Thirty-Six Thousand Rand). Where possible, the identified excess funds will be placed in a normal collective Investment scheme and not form part of the Tax-Free**

Savings Account, where this is not possible, the instruction will be returned to the client for review and re-submission. I acknowledge that I am aware that Transfers of Tax-Free Savings Accounts are allowed by the Regulator and that this includes both transfers from one institution or product provider to another, or between products of the same product provider as of 1st March 2018.
